Sherri Sanchez, *Assistant Principal*

Greetings #5800Family,

The immense pride and enthusiasm of being appointed to serve as the principal of Heritage High School is still evident as I pen this letter. I am ecstatic about the opportunity to lead such a dedicated staff and student body. I continuously strive to create a learning environment that showcases the best of our community and I look forward to our partnership continuing that tradition.

I fully understand that a change in leadership can sometimes create anxiety. As such, I am eager to maintain open lines of communication. I plan to be clear and transparent in our interactions as we begin this journey together. Heritage High School is loaded with school pride and most importantly a unique culture of compassion coupled with a commitment to excellence. As one who shares these ideals, I look forward to fostering relationships with staff, students, parents, and community liaisons to develop citizens that excel academically, athletically, and socially.

Parents, teachers, support staff, community members and administration all play pivotal roles in creating a safe, orderly, and enthusiastic school climate. I desire to amplify these relationships to provide opportunities for our students to acquire the necessary skills to excel beyond the walls of our learning environment.

I steadfastly remain #OnAMission and hope that each interaction displays this unwavering dedication to student success. If I can assist you in any way, please feel free to contact me. I assure you, the family is in good hands.

Respectfully,

Dr. Earling M. Hunter
Principal
